Subject: Courtesy notification of a Tribal land tanks release

Mark Junker, the tribal Response Coordinator for the Sac & Fox called into the spill line with courtesy notification. His number is 785-742-4706
One of their USTs failed at their truck stop by their casino on Hwy 75.
Their initial estimation of around a thousand gallons.
Fuel is present in a monitoring well and in the tank basin.

He mentioned that he has already spoken to Tom about this.
Tom may have more details if anyone wants to know.

Douglas,

I have attached this NRC report. It does not say on the report, but I talked to the caller and the tank is a UST. The caller is supposed to give me an update later today.

Let me know if you have any questions.

Thanks,
